- a. Only purchase these supplies if you have signed up for art
- b. One roll of paper towels
- c. One pad (9x12) 10 sheets of canvas paper (oil and acrylic)
- d. One package of baby wipes

X. Summer Science Assignment

- a. Over the summer I would like for you to begin searching www.sciencebuddies.org for a science project that you would be interested in doing for the upcoming school year. You will spend a lot of time on this project so you want to pick a topic that you are interested in.
- b. On the first day of school you will hand in three possible projects that you are interested in doing. Number the projects 1, 2 and 3 with 1 being your first choice and 3 being your last choice. I will review your three choices and approve one of them at the beginning of the school year. Please feel free to e-mail if you have any questions: maryjo@ccobacademy.com.

- c. When you are reviewing a possible project check the material list first. You probably have some of the items in your home or you can e-mail me to see if I have them in the lab. This will help lower the project cost. Remember, experiments can be done in the lab during the school year if needed; you just need to set up an appointment with me.
- d. Review the project carefully. Do not get discouraged if at first you do not understand something. You can send an e-mail to Science Buddies and ask them to explain anything to you that you do not understand about the project.
- e. Project Requirements:
 - i. Projects must be age/grade appropriate. Follow these guidelines:
 - ii. All projects must come from www.sciencebuddies.org
 - iii. Level of Difficulty is as follows:
 - 1. High School Level of Difficulty between 9-10
