## Tuition Discount Program for 2011-2012

All discounts are established as a means of helping families reduce tuition, but do not have cash value. Should discounts accumulate to an amount exceeding tuition owed; the tuition will be reduced to zero. Tuition payment obligations are reset each year and based on 10 month payment plans of which the following examples are based. All tuition payments end in May for each school year. 11 month payment plans are available upon request, but must begin in July.

### Family Discount (Applied at Registration)

- The oldest 2 children pay full tuition
- The 3<sup>rd</sup> Child receives 20% Tuition Discount
- All other children pay NO Tuition

### Golf Discount (Tournament is played in May, tuition benefits begin in July)

Parents with students in CCA that raise money for the Golf tournament will have the amount in excess of \$500 raised, deducted from their child's tuition. This is applied monthly based on a 10 month payment plan.

1. The amount will be applied as a reduction of the child's total tuition for the following school year.

**Example:** Child's Tuition \$4,400 yearly

1. Parent raises \$2,500
2. Deduction \$2,000
3. New Tuition \$2,400

- In the example above the monthly payments were **\$440** per month before the deduction and **\$240** after the deduction.

### \$1,000 Referral Discount

Parents with students in CCA that refer students to CCA from outside of Calvary Chapel of Boston (non-attendees) will receive a \$1,000 discount towards their student's tuition each year the referred student attends CCA. *CCA must be notified before or during the interview that the student being interviewed has been referred. No referral discounts will be given if we are notified after the interview.* This discount is applied monthly based on a 10 month payment plan. For example, if a referred student attends the entire school year, the first month the referred student makes their payment, \$100 dollars (for each referral student) will be applied to the monthly discount of the referee family to each of their 10 tuition payments. The following terms apply to this program:

1. The discount begins being deducted the first month the referred student's tuition payments begin. The discount continues as long as the referred student continues making payments each year.
2. The student that was referred must be up to date with all payments. If the referred student does not make full tuition payments, the referral discount will be pro-rated to bring it in line with payments that are made.
3. The Referral Program does not apply to referred students that attend Calvary Chapel of Boston. If referred students family begins attending Calvary Chapel after they were referred, the referral discount will continue because the family started school as a non-Calvary Chapel family.
4. Discounts stop when either the family making the referral have no more tuition payments (reduced to \$0 owed) or the referred student stops making payments; this would be due to the fact that the referred student leaves CCA for any reason. The discount only applies while the referred student is attending CCA.
